The Free Spirit

THE FREE SPIRIT is a personal thing. It is expressing oneself as a person feels. It is creating . . . working . . . expanding . . . growing. It is believing in a particular concept, while your neighbor believes in the opposite. It is attending a concert, or painting a picture, or reading a book, or watching the clouds go by - just because you want to. It is the development of a personality, an idea, a dream. In a period in history when people are clamoring about "rights, and privileges and freedoms," we of DeLand-Weldon decided to take poll of how our country, our community, our school measured up to the loud demands of angry youth.

Because of what we saw, we decided to make THE FREE SPIRIT the theme of the '70 yearbook. For you see, we of DeLand-Weldon do believe that the citizens of DWHS are as free as the clouds.

Dedication

A teacher who views the classroom
as a learning experience . . .
A friend who understands our
goals, jokes, and dislike of
term papers . . .
A person with these qualities
earns our respect.

So, we, the Senior Yearbook Staff of the 1970 EAGLE dedicate this book to you, Mrs. Woods, our teacher, friend, and very own Southern belle.

Administration

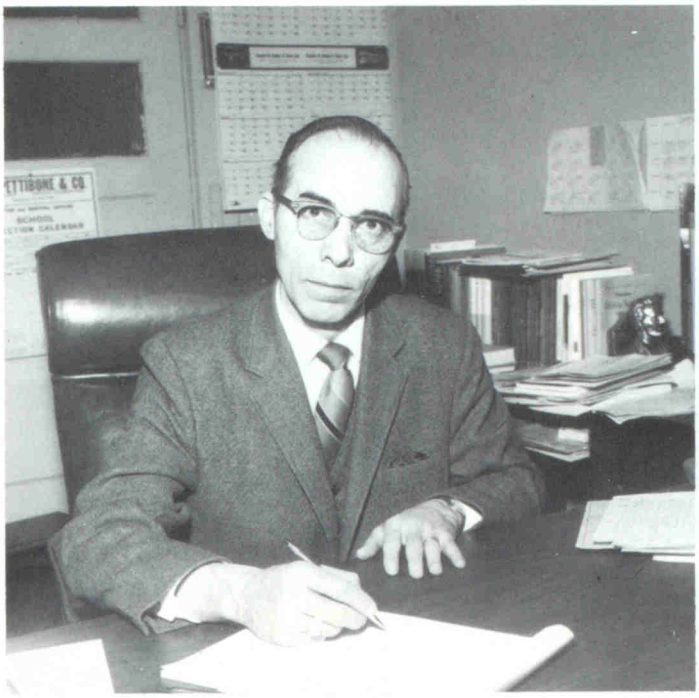

SEATED: Robert Moberly, President; Franklin Kingston, Secretary; John Leischner, Howard Gantz.

Board of Education

Many long hours are spent by these seven board members in meeting the educational needs of our student body. We appreciate the time they have spent to aid us in becoming better educated.

PERRY E. WHITSON, Superintendent

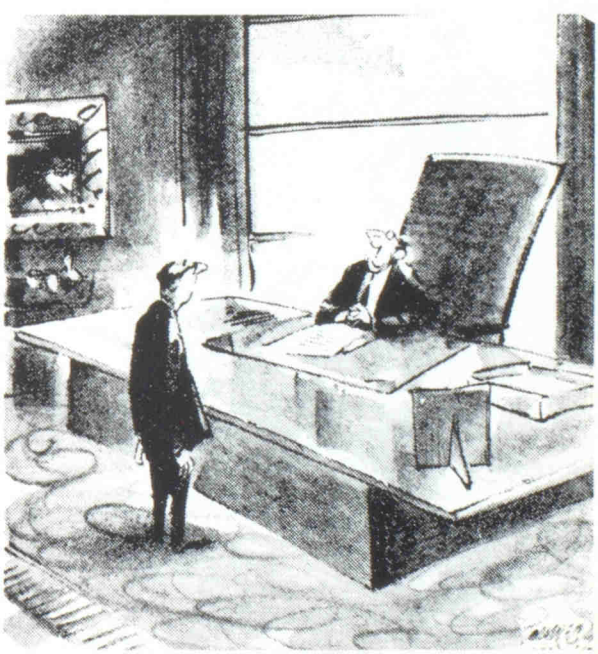

MARIE WHITE, Secretary

Dear Students:

Each of you is preparing for your future. With guidance and serious thought you should develop the sequential thinking leading to the art of constructive criticism and creativity coupled with skill analysis, which will stand you in good "stead" for your future. Always strive to improve - never falter. Good luck.

Perry E. Whitson
Superintendent

ESTHER FLOYD

Dear Students:

This has been a tumultuous year at DeLand-Weldon High School for both students and faculty. I wish to congratulate the student body on its many achievements during the school year, 1969-70. Students have done well in the classroom and on the playing field, but I especially commend them for their positive attitudes and their willingness to adjust and work for success when things may not appear to be always going their way.

The ability to adjust to new situations, to give 75% of oneself, when 50% might, do, and the initiative to apply oneself with sincere dedication to the task at hand, both at school and in the working world, will bring you much success.

Best wishes,

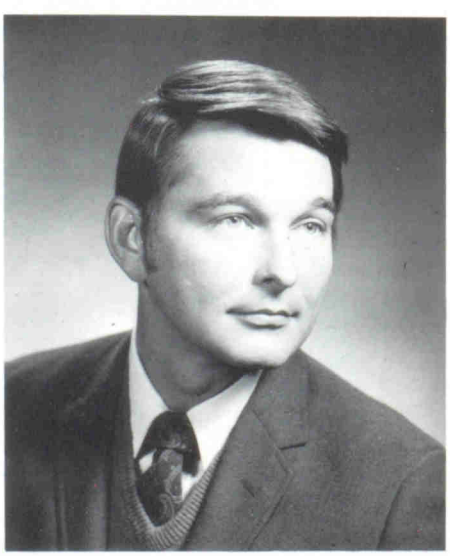

Daniel R. Simone

CLASSES

English and French

English and French made up the language courses at DWHS. Mrs. Woods taught the college prep English course to the seniors. Mrs. Cochran had the junior and freshman English classes and Mrs. Miller taught sophomore English and French I and II.

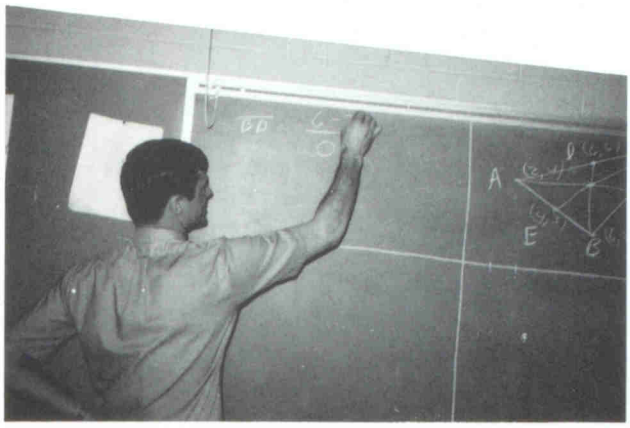

Because of their hard work and determination we leave their classrooms better equipped to face the world.

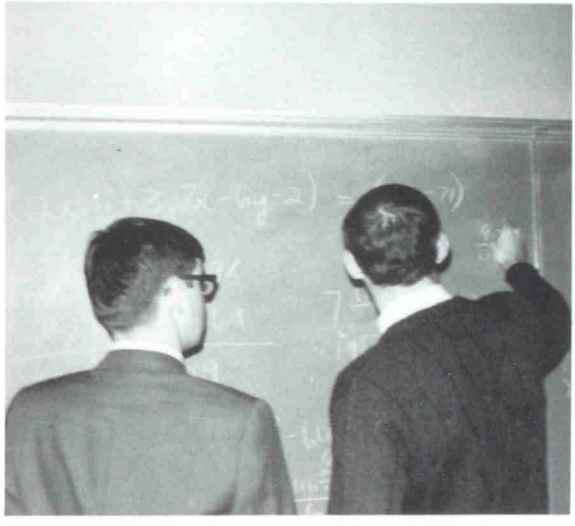

Sponsored by - DeLAND STATE BANK, DeLand

Math

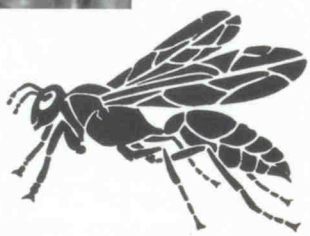

During the year our Math teachers taught the basic and advanced fundamentals of mathematics. This year Mr. Messer taught Algebra I and II and Advanced Math, Mr. Schwarzentraub taught Pre-Algebra and Geometry, and Mr. Heavilin taught M.B.A.

Sponsored by - DeLAND CO-OP GRAIN CO., DeLAND

Mr. Edman teaches Introductory Physical Science and Chemistry. Mrs. Seal teaches Biology.

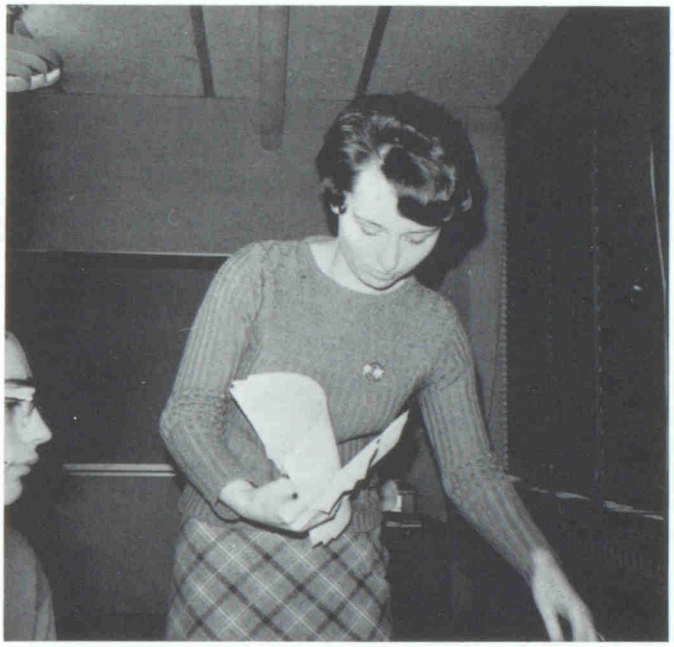

Science Classes

Social Sciences

The word "history" is used in two senses. It may mean either the record of events or the events themselves. Through the study of History in the courses offered at DWHS, one learns the importance of the events making up our past and present, and how our decisions will influence the past and present, and how our decisions will influence the future. Mrs. Huehner was assisted in the teaching of history this year by the student teachers, Miss Winstead and Miss Dick.

Ag. and Industrial Arts

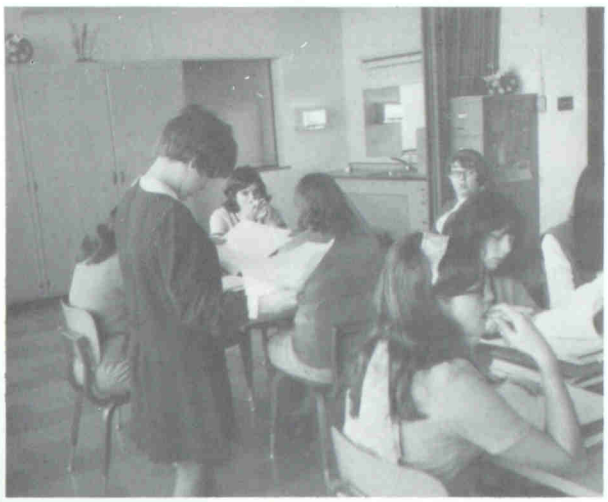

Mr. Gregory teaches the Ag. boys such things as soil conservation and soil testing, production of crops and livestock, and the workings of motors and engines.

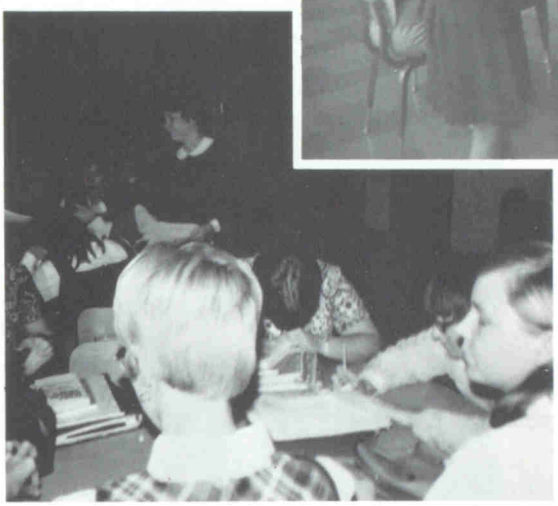

We have a new Industrial Arts teacher this year. Mr. Wheeler not only teaches the boys about woodworking, but also about leatherwork, metals, electricity, and mechanical drawing.

MRS. ALLEN

Home Economics

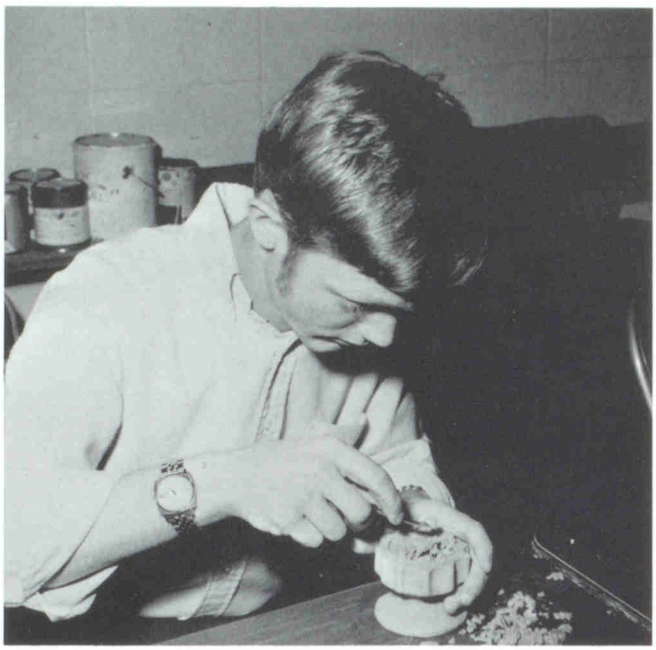

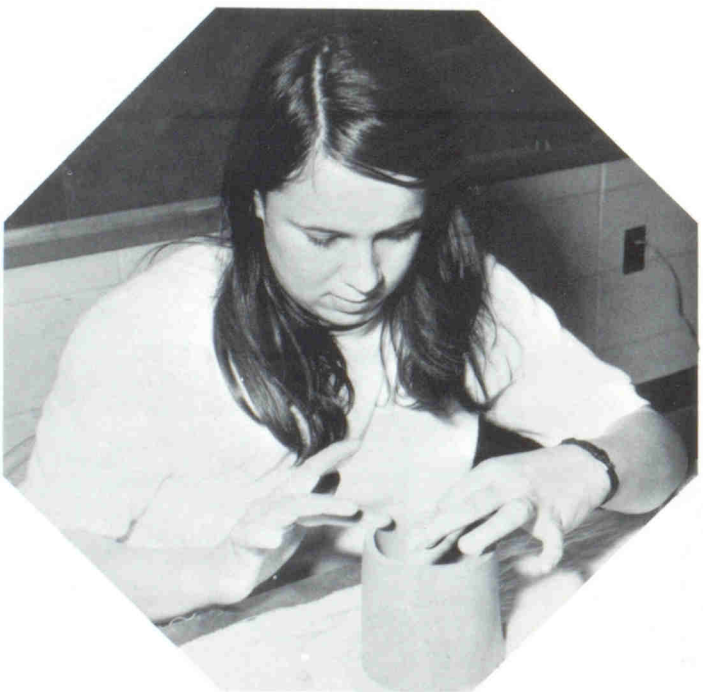

Mrs. Kaye Leischner is the Home Economics teacher at D-W. Assisting her this year was Mrs. Susan Allen, the student teacher. Home Ec. I and II, and Family Living were the courses offered to the students this year.

GRIMSLEY FLOWER STORE and RAKER CLEANERS - Clinton

Art

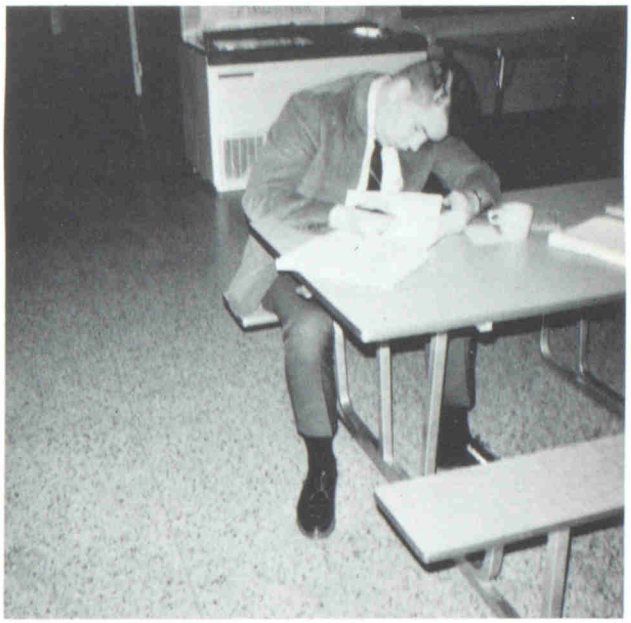

Two classes of Art I and II were taught this year by Mrs. Seal. Having the class in the new building enabled the art department to try more and bigger projects. The projects this year included glass staining, wood sculpture, oil painting, paper maché, wood block prints, prospective and figure drawing, and water colors. A kiln was purchased near the end of the year and Art I and II spent the remaining time on ceramics.

I, Kathy Tedrick, will my personal vocabulary in three volumes to the school library.

I, Sue Tedrick, will Shirlie Stone my singing ability.

I, Tammy Teets, will my teddy bear with its big brown eyes and big wide smile to Mr. Heavilin.

I, Phyllis West, will my long straight hair to Steve Trimble in hopes that his ears will not get cold.

I, Debbie White, will my ability to stay away from dangerous Cliff's to all female underclassmen. Watch out for that CLIFFF!

I, Karen White, will my ability to play the trombone to Jeff West.

I, Terry L. Willis, will my sideburns and long hair to Mrs. Woods, in hopes that I can curb her wig buying.

I, Randy Wilson, will my trouble with teachers to Oscar New.
